

# PREHISTORIC UTAH AND INHABITANTS

Archaeological Association Is Formed to Search for Facts on Subject.

FORMALLY RECEIVED INTO NATIONAL ORGANIZATION

Officers Elected at Meeting Held on Thursday Evening; Work to Begin Now.

Archaeological work in Utah received a forward impetus Thursday when Prof. Mitchell Carroll of the George Washington university, the associate secretary of the institute, formally welcomed the Utah branch into the organization as an affiliated society. To take part in this important event interested men and women of this city gathered last evening at the home of Dr. and Mrs. William F. Beer. The minimum number requisite for recognition as an independent affiliated society is fifty, and although only forty-five members were enrolled in the local society last evening, Prof. Carroll nevertheless formally welcomed it into the National Association. He did this with the assurance that the five needed members would be enrolled before his departure today.

**Officers Elected.**  
At the meeting last evening the following officers were elected for the ensuing year: President, Col. E. A. Wall; vice-presidents, Gov. John C. Cutler, Dr. J. T. Kingsbury, Col. Willard Young; treasurer, Mathoniah Thomas; secretary, Prof. Byron Cummings; executive committee, Dr. W. F. Beer, Dr. J. T. Kingsbury, James T. Hammond, Mrs. R. E. Little, George A. Eaton, Mathoniah Thomas, Prof. Byron Cummings, Miss Rosalie Pollock.

**Prof. Carroll Introduced.**  
Mathoniah Thomas called the meeting to order and introduced Prof. Carroll, who, in a rather lengthy address, told of the interesting work being done by the Los Angeles society, which has been gathering Mexican prehistoric ruins and artifacts. He also told of his recent trip to the Northwest and the organization of societies at Seattle and Walla Walla. According to the speaker, there is great interest all along the Pacific coast in the work of preserving local curiosities.

**Wonderful Stones Found.**  
W. M. Haveron then made a short talk, telling of archaeological curiosities that have come to his attention in his travels through Utah and Nevada. He described wonderful stones found in Death Valley, exhibiting perfect arrow-heads that he has collected, and described very interesting cliffs located in southern Utah that are covered with strange inscriptions.

**Received Into Institute.**  
After the election of the officers Prof. Carroll formally received the Utah Affiliated society into the American Archaeological Institute of America. Dr. J. T. Kingsbury, who presided at the meeting, expressed his appreciation of the thanks of the local society. After the meeting adjourned light refreshments were served.

**Will Begin Active Work.**  
The newly-organized society will now begin active work in archaeological research in Utah. Prof. Carroll has assured the National Association in its work of collecting and preserving prehistoric remains. The society will organize branches at Ogden, Provo, Logan and other cities where the interest demands. All these will co-operate in bringing to light interesting facts regarding prehistoric Utah and her inhabitants.

**Who Compose Society.**  
The members of the society at the present time are: W. S. McCornick, Bishop F. S. Spaulding, Gov. John C. Cutler, Rev. E. I. Goshen, Rev. W. M. Paden, Dr. J. T. Kingsbury, George A. Eaton, Dr. W. F. Beer, W. R. Ritter, Frank Pierderson, Dr. J. T. Kingsbury, Dr. J. M. Mills, Joseph Oberdorfer, Mrs. Ledyard M. Bailey, Mathoniah Thomas, Prof. Byron Cummings, A. C. Nelson, Mrs. R. E. Little, D. H. **BILLIARD CUE HIS WEAPON**  
J. M. Wilkerson Held at Police Station for Striking Companion.

J. M. Wilkerson was arrested at 7:50 last night on a charge of assault and battery, the implement used in the assault being a billiard cue. Wilkerson was engaged in a game of pool with three companions in a saloon on South West Temple and a dispute arose over who should pay for the drinks. Wilkerson became angry and struck one of the men over the head with a cue. He was taken to the station and it is understood that he will be held in jail until a complaint this morning. Wilkerson only about two weeks ago finished serving a term in the city jail for a similar offense and the officers state that they are always having trouble with him.

**JAPAN IS FIRM**  
Will Insist Upon Open Door In Manchuria.

WASHINGTON, April 13.—The State department has received through the American embassy at Tokyo, another assurance from the Japanese Government of its firm adherence to the principle of the open door in Manchuria. This follows the announcement last Tuesday that open consuls would be permitted to open their offices in certain of the Manchurian ports and interior business towns in May and June next.

Business interests engaged in the export trade had been getting apprehensive that this great country was to be swamped with goods from the foreign trade, and an opening was afforded to foreign trade.

# ATTACK ON RATE BILL BY FORAKER

Denounces Provision for Court Review as "Fraud and Cheat."

WASHINGTON, April 13.—A brief speech by Mr. Foraker in support of the House railroad rate bill, Mr. Foraker today took the floor on that measure and consumed practically all of the remainder of the day's session of the Senate. He spent some time in the discussion of some of the amendments he has suggested to the bill and then entered upon the consideration of the entire question of railroad rate regulation, urging against the unconstitutionality of the pending bill from various points of view. He was frequently interrupted by other Senators.

**Favors Lower Rates.**  
Mr. Lodge spoke briefly in support of the practice of granting lower rates on goods intended for export than on those used in domestic consumption.

**Purpose of Bill.**  
Mr. Clark explained that the purpose of the bill was to carry into effect the orders of the commission and that the bill was a supplementary proceeding, and that it goes as far as is necessary.

**Declares It a Fraud.**  
"Why is the Senator attacking that provision?" he asked, and Mr. Foraker responded by adding to the words already employed, "Because," he said, "it is a fraud and a cheat and a humbug, and I am going to expose it as such."

Referring to the fact that the rates charged for transcontinental freighting were lower than the rates to interior points, Mr. Tillman declared that the system was a burden on the interior towns.

**Blames the Almighty.**  
Mr. Foraker defended the system as the best that could be devised and suggested that the people of the interior were suffering from "disadvantages imposed by the North."

**Snake for Garter**  
NEW YORK, April 13.—During much talk about the reputation of strong drink in the Army meeting in No. 112 East One Hundred and Twenty-third street last night Mrs. Sophie Roser of No. 730 East One Hundred and Twenty-third street, who had been told that a snake had been sent to her home, she fainted. Panic came to the 6th man who was called and a policeman was called.

**Was Making Confession.**  
Major William Sheppard, who is head of the Salvation Army in the Bronx, had just called upon a friend and was making a confession of error of their ways. An aged man, who was quite nervous, was the first to respond and he told of going to the woman and the crowd rushed away from her, and she fell to the floor in a faint.

With Irritating Skin Humor—Whole Body Affected—Scalp Itched All the Time and Hair Began to Fall Out—Wonderful Result From

**APPLICATION OF CUTICURA REMEDIES**

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. It did not take much notice of it at first, but it began to get worse all the time, and I began to get uneasy. Time and time again I tried various remedies, but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend advised me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. After about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body, and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dandruff and itching away from me. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blankenship.

319 N. Del. St., Indianapolis, Ind.

**RECOMMENDED TO ALL MOTHERS**  
"I have used Cuticura Ointment for chafing of infants, and as they grow older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers. Sincerely yours, Mrs. F. A. Kennard, June 21, 1905. St. Paul Park, Minn. Cuticura Soap, Ointment, and Pills are sold throughout the world. Write to Chas. F. Johnson, Boston, Mass., for full particulars. Send 10c for a box of Cuticura Soap, Ointment, and Pills, and a copy of the Cuticura Book."

**SMALL HOPE FOR REACHING AGREEMENT**

Miners and Operators Both Stand Firm in Demands Now Presented.

NEW YORK, April 13.—The anthracite miners in their conference today with the operators attended their original proposition to the operators, and the operators in turn made their proposition to the miners. The miners' proposition is that the check-off demand be made by the United Mine Workers of America, and also amended the check-off demand so that only those men who are willing to contribute shall be assessed in order to pay the expense of carrying out the agreement.

**Concessions Made.**  
The joint conference began at 1:30 and the mine-workers at the conference amended their previous proposition by asking that an agreement be made with the anthracite mine-workers instead of the United Mine Workers of America, and also amended the check-off demand so that only those men who are willing to contribute shall be assessed in order to pay the expense of carrying out the agreement.

**Answer of Operators.**  
Mr. Baer made the following answer to the miners' communication.
